

# Soak Up the Sounds: New BOLA Water Speaker

Get your own water and light show  
With the Bola Bluetooth Speaker

## Listen While You Watch

The Bola contains water that moves with the beat of your tunes.  
It also projects a variety of hues for the colorful water dance.

Choose Your Color

## Make It Soothing

Select peaceful sounds to turn Bola into  
calming night light speaker

## Play Music from Memory

Because the Bola includes an internal TF  
memory card slot for music, no external  
source is required. However, the available  
AUX jack enables it to be used as an  
external speaker.
