*Sleek & stylish speaker  
improves audio output from mobile devices*

**Classy, Colorful, Connected; the iJOJO Brings Sound Out of Its Shell**

The iJOJO is here to show you what a good value really is. The new Bluetooth speaker comes dressed in a high density, hard acrylic shell casing that creates a boom box effect for high quality sound. The iJOJO is also a hard worker, serving double duty as a speaker phone and audio player. And the iJOJO comes in four fabulous colors, with a stylish design that provides ample space for your company brand. But perhaps the iJOJO's best quality is its high end sound, offered at a low end price. The iJOJO – it will make your brand sing without hurting your bottom line.
