

The Brains Behind the Brawn "iMove Pro"

All the tracking and touchscreen features of our other iMove products, plus notifications, reminders, and a heart rate monitor.

A Fitness Tracker with Heart

The integrated heart monitor helps you move at the perfect pace.

Stay in Sync

Automatic phone call and SMS notifications keep you connected while you work out.

Know Your Progress

Let iMove Pro keep track of your activities and daily routines. iMove graphical chart tells the story of your day, week, month or year of activities.

Sometimes You Need a Nudge

Spending too much time on the couch? Get a sedentary reminder and get moving.
