

CAFE JUG

A Portable Espresso Maker Perfect for Camping, Hiking, or On The Go.

Compact & Lightweight

Our Café Jug has been designed to be the smallest, lightest and most versatile handheld espresso machine.

Efficient and Easy to Use

Café Jug contains an ingenious core, the semi-automatic piston. Unlock it from its carrying position and press it to control the amount of extracted coffee.

Convenient & Evolution

Our Café Jug doesn't require compressed air, N₂O cartridges or electricity for its operation. Hand operated, you are free to prepare coffee drinks that you love.

Push to release coffee

Compatible with Capsules & Ground Coffee

Also compatible with NS CAPSULES
