

# Take Charge of Your Tech

Use the 3-in-1 MagSafe Wireless Charger

## Foldable and Portable

Charge up to 3 devices at once with our most portable and compact charging station. Charge phones, watches, and earbuds with the station laid flat, or fold into a phone stand to make use of the magnetic suction device and MagSafe features.

## On-the-Go Charging

This slim and compact charging station is foldable for easy storage, making it perfect for tossing in your pocket or backpack. You'll love the space-saving design in your home, at the office, and especially while traveling. Whether waiting for your flight or relaxing at the hotel, the 3-in-1 charger will have all your devices charged and ready for your next outing.

## A Charger That Lasts

High-quality silicone with a soft non-slip coating makes for a durable device that can be bent repeatedly without worrying about excessive wear and tear.
