## Go Paperless! USB Storage Financial Customer Can Bank On

Financial institutions can increase profits and cut costs by reducing the output of unnecessary paper documents. Why not load information onto ultra-thin USB cards and get double the benefit: impressive branding at a low cost and a switch to digital document storage and presentation?

Useful for financial industry and customizable for your brand, the USB business card can provide:

### Benefits:

- 1mm thin, fits in customer's wallet
- Full-color imprint
- Secure, water proof
