Find Out Why USB Flash Drives Are In Demand

The Perfect Prescription for Digital Healthcare Providers

Healthcare providers realize the benefits of medical USB flash drives for their patients. The unique FlipStick and Ultra-thin USB cards are:

- **Secure** -- Sensitive data stays in the patient's control
- **Portable** -- Crucial records such as allergies and medication lists are available instantly
- **Compact** -- Patients can easily stow them in a wallet, pocket -- or just about anywhere

What's more, with unique, eye-catching designs and full-imprint options, they're the perfect prescription for healthcare's needs.
