

Magsafe Phone Grip

Elastic Phone Grip with Silicone Material.

Wireless Charging Compatible

The grip will not only allow wireless charging, but also allow mag safe products to still magnetize onto phone even with grip.

Incredibly Comfortable

The phone strap made of silicone touches smooth, soft, and fine. Elastic and stretching strap, which is durable, provides flexibility and ensures phones are held sturdy and fits well with all size fingers.

Strong Magnetic Connection

Also included are 3M adhesive back plate for permanent stick to your iPhone.

Pick Your Color

Pick the color match your phone and style.
