

# Qi 1800 Wireless Charging Pad

A secure device for a sustainable battery.

## Convenient Fast Charger With Auto Sensor

A fast charger that supports 5W/7.5W/10W phones with automatic output detection. It is Qi and FC Certified. Wirelessly charge your Qi enabled mobile devices starting with iPhone 8 and up without the hassle of a wire! Simultaneously maintain phone calls and daily activities with no interruptions while charging.

## Visual Design

An Ultra-thin charging pad that is easy to access! A green indicator light will appear on charging pad to show successful connection charge of your mobile device!
